

February 2025 PULSE OF UNION NEWSLETTER

Do I live in Union and How Does That Affect My Services?

Many questions arose during the winter storm Blair about street treatment and if their street was within the City of Union for city services. We operate within our city boundaries. Streets outside of these boundaries can fall under unincorporated Boone County or Florence even if you have a "Union" postal code. Understanding these boundaries helps residents know

Easter Egg Hunt
Union Presbyterian Church
April 12 8:30-10:30am

Grab your Easter baskets and join us on April 12th from 8:30am-10:30am at Union Presbyterian Church for our annual City of Union Easter Egg hunt. Children ages 6-12 will spring into action at 9:00am to gather eggs. A second egg hunt, open to ages 1-5 will immediately follow. Over 4000 eggs and several golden egg prizes per age group! Special breakfast items, face painting, balloon artists, and of course the Easter Bunny! The event is FREE. Don't forget your camera! Stay tuned for more information as we get closer to spring!

February Public Works Updates

Winter is holding on for a while longer. Crews have been out clearing streets when needed and are still on high alert for new storms. Recent work has been done on concrete curbs around the city and planning for spring weather to come so future projects can be worked on. Pothole projects have started but needing warmer weather to initiate.

Cold Weather Safety Tips

OUTDOOR CONDITIONS: We don't recommend keeping pets outdoors for long periods of time. However, if you're unable to bring your pet inside during cold weather, make sure you check their water regularly in freezing temps. Ensure their shelter is dry and they have a source of warmth. Dogs and cats are susceptible to frostbite and hypothermia.

WARMING LAYER: If your dog seems affected by the cold weather, purchase a dog sweater for additional comfort. However, if your pet wears it outside, make sure you take it off when you get inside so it can dry. Wet sweaters can make your pet colder.

PAW CHECK: Snowmelt can burn your animal's paws. Make sure you wipe down your pet's feet, legs, and belly as soon as you're back in the house. Also, check your dog's paw for signs of cracked pads or bleeding. Their paws are more susceptible to cold weather and snow accumulation on the hair between their paws.

ASSESS YOUR PET: Think about how the weather is going to affect your pet. You may need to shorten their walks based on your pet's tolerance.

Commission Meeting Schedule

1843 Bristow Dr Union

Caucus:

February 19 6:30PM

Commission:

March 3 6:30PM
